

Class Notebook (continued from Lesson 1)

Pushes and Pulls

**What do you need to know
to solve the coach's problem?**

Criteria and Constraints

1. Criteria 1: Equipment must be moved in one trip.
2. Criteria 2: One person must move all the materials,
3. Constraints: Use the materials in the trunk of the car.

**Moving Ideas for One Trip
by One Person**

What is a push?

What is a pull?

Class Notebook (continued)**Pushes and Pulls****A Plan to Move the Equipment****What else do we need to figure out?**
